

Guidelines for Public Health Presentations

LOGISTICS

- Prepare a 10 minute presentation
- Submit presentation by email to ewh.berkeley@gmail.com by 11:59pm on the Sunday before your presentation
- Include a list of references

CONTENT

- Introduce the topic:
 - Identify the problem, primary and secondary needs
 - Provide data on the populations affected and the extent of its effects on individuals' lifestyles
- Discuss possible solutions:
 - Discuss qualities of an effective solution
 - Identify current therapies or approaches to the dealing with the problem
 - If there are no existing solutions, propose one of your own!

SCOPE

- Focus on a specific region of the world where your topic is relevant
- Also consider how the topic differs between the first and third world.
